

That One Math Guy Supply List
2022 - 2023 School Year

General Biology

Required Materials

- Desktop, laptop, or tablet device
- Pencils with erasers
- Loose leaf or notebook paper
- Internet access

Lab Materials

- This course features four physiology labs throughout the year. Families are asked to contribute an additional \$15 for supplies. Students unable to contribute a lab fee will still be able to participate. No worries. Families will be informed 2-4 weeks in advance of any lab assignment requiring a fee.

Purchase of a textbook is not required, though Campbell's Biology textbooks are the academic standard for upper level biology coursework. All necessary work will be available online. If you choose to purchase a textbook, however, please buy a used copy. I have included a link to the Amazon page. An electronic version of the textbook is also available and linked through the website.
