That One Math Guy Supply List
2022 - 2023 School Year

General Chemistry

Required Materials

- Desktop, laptop, or tablet device
- Pencils with erasers
- Loose leaf or notebook paper
- Internet access

Lab Materials

- As we progress we will need various supplies and materials for labs. Generally, this amounts to a general $20 lab fee assessed during the early part of the year. Students unable to contribute a lab fee will still be able to participate. No worries. Families will be informed 2-4 weeks in advance of any lab assignment requiring a fee.

Textbook

McGraw-Hill General Chemistry: The Essential Concepts

https://www.amazon.com/General-Chemistry-Raymond-Chang-Dr/dp/0073402753/ref=sr_1_1?s=books&ie=UTF8&qid=1534091378&sr=1-1

Purchase of a textbook is neither required nor really recommended. All necessary work will be available online. This is a very advanced text and we will use it as a blueprint. We have neither the time nor reason to review the entire text. If you choose to purchase a textbook (it is wonderful but really unnecessary), please buy a used copy. I have included a link to the Amazon page.
